

HOLLYWOOD BOOSTERS

Hollywood has hosted The Junior Rose Parade for 80 years! Yes, this is the 80th consecutive year the parade has marched thru our neighborhood.

The Hollywood Boosters, along with the residents and individual neighborhood businesses, have been integral in making sure the show goes on.

So these participating businesses on these two pages along with the Boosters congratulate the Junior Rose Parade, and all of us, for 80 years of making this tradition happen and making it a success.

Please support the businesses advertising here— and all your Hollywood businesses—to ensure the continued success of the parade, the neighborhood, and the community we all value so much.

Like many in Portlandia now know, when you do business with a local bank such as ours you enjoy a few extra perks - like shorter lines, tellers that know your name before you walk in the door, a free cup of coffee, bankers who take the initiative to pick up the phone just to check in, and of course peace of mind knowing you're supporting local economics. Hop on your bicycle and take the short trip to see us. After all, we're just around the corner.
